COURSE DESCRIPTIONS

ME Fundamentals Intensive

ME Fundamentals Intensive will teach you how to connect with the field of Matrix Energetics® to make changes instantly. You will learn how to easily shift focus outside the concept of a problem set into a new solution set, where transformation becomes a power with which you joyfully co-create. Specific techniques are taught that utilize the power of focused intent and playfulness to create real-time changes in patterns, precepts and awareness. Specifically, students will learn the art and science of the 2-Point method, Time Travel techniques and Parallel Universe Theory in application. In addition, students learn to playfully access their intuitive capabilities through a process referred to as Archetypes. This facet of Matrix Energetics® specifically opens up clairvoyance and fosters “Hemispheric Synchronization” or Whole Brain Awareness. The format of the seminar is experiential in nature, with powerful demonstrations and question and answer sessions that will assist in opening up new ways of thinking about and experiencing reality.

Students will also learn a unique intuitive process of accessing windows of information to easily and seamlessly integrate all of the tools presented. This process can be applied in everyday life to practically and intuitively access solutions and shifts in patterns, anywhere at any time. Students also learn more advanced techniques supported by comprehensive demonstrations. The technique of Templates will be presented to help the practitioner specifically interact with Morphic Fields of information contained within the Unified Field of Consciousness. These templates can be used for healing, transformation as well as manifestation. Also, in this class students will learn about the 21 Universal Frequencies that are thought to govern healing and disease in the human species. These powerful, self-intelligent forces of energy and information can be applied to any situation and are very easy to use. They are self-transformative and can also be used at a distance to shift patterns in others as well as the environment. There will be additional experiential practices and more informative question and answer sessions. Dr. Bartlett and Melissa Joy reveal their processes in action by providing specific live demonstrations throughout the workshop.

(Course Descriptions - Continued)

ME Unplugged Intensive: Spatial Clairvoyance will focus on a number of specific tools and unique skills:

- Learn how to **enhance your ability to track information in a format that Richard and Melissa call “Spatial Clairvoyance”**. This is one of Richard’s and Melissa’s most prized methods of working with intuitively generated information.
- Learn more about **how to achieve instantaneous and powerful verifiable changes in the physical body template**.
- Explore and **develop the ability to accurately elicit specific information from the Morpheic Field about any subject or topic**.
- Learn how to **create, enhance, and activate in yourself specific informational templates**.

Psycho Emotional Energetics will provide you with a series of strategies that when creatively applied can, in minutes and sometimes even seconds, change a lifetime of limitation and distorted conceptual references for personal reality. After these patterns of energetic information are reconfigured, life can be seen and experienced in a way that is free of these previously unrecognized perceptual filters.

You can learn to do these procedures on yourself as well as for your loved ones and clients. Benefits from this new approach can also be applied to physical patterns of pain, discomfort, and physiological disruptions to a healthy energy flow.

With practice and playful application, ME Unplugged: Spatial Clairvoyance and Psycho Emotional Energetics hold the very real promise of being able to change your emotional and psycho/physical references for all aspects of your earthly existence. If you have ever wondered if near instantaneous change for long-standing mind/body patterns is possible and attainable, the answer is a resounding YES!

In order to learn how to change your life you must **BEGIN WITHIN**.

ABOUT THE MATRIX ENERGETICS CO-INSTRUCTORS DR. RICHARD BARTLETT & MELISSA JOY JONSSON

Dr. Richard Bartlett, D.C., N.D.

Developer of Matrix Energetics®, Master Energy Dynamics and Holo-Synchronous Energetic Technology Systems

Richard Bartlett, D.C., N.D., holds a doctorate in chiropractic from Parker Chiropractic College and a degree in naturopathic medicine from Bastyr University of Naturopathic Medicine. Dr. Bartlett has been teaching transformational seminars around the world to thousands of participants since 2003.

Dr. Bartlett decided to attend chiropractic school after meeting Dr. Jacque Rowe, an inspiring and unique chiropractor. While Dr. Bartlett was attending chiropractic school his second child was born with bronchitis and asthma and battled frequent bouts of pneumonia. Dr. Bartlett decided he would have to find the answer himself and embarked on a path of self-study, eventually learning and practicing more than 30 different healing systems. In the course of his studies, Dr. Bartlett learned TBM as taught by Dr. Victor Frank, a chiropractor. His son responded to this system and was healed.

After graduating from Parker Chiropractic College in 1987, Dr. Bartlett moved to Montana where he maintained a busy practice until 1996. Desiring to expand his practice scope in order to better serve his patient base and the increasingly complex clinical cases he was seeing, Dr. Bartlett decided to attend naturopathic school. His degree in naturopathic medicine was completed in December of 2000.

In 1996, Dr. Bartlett's life took a new and surprising turn. While attending Bastyr University of Naturopathic Medicine and working full time as a chiropractor, he experienced a life changing event which redirected the entire course of his clinical experience. Call it a mystical occurrence, a spiritual vision, outright hallucination, or as Dr. Jim Parker called it; the experience of being 'naturally right', suddenly the act of lightly touching a patient with focused intent created dramatic, often startling changes. Bones would re-align themselves, chronic pain patterns would disappear, often with only one brief session; scoliosis curvatures would re-align right before his eyes.

As time went on this phenomenon seemed to grow stronger, sometimes each week revealing new and marvelous outcomes. Chronic conditions began to change even though they were often not even a conscious focus for the treatment. In addition, people began to report that their emotional states, belief patterns, their very lives were mysteriously being transformed. Better yet, these changes appeared to continue over time. His practice, always emotionally satisfying; became a profound, and deeply moving day to day experience.

The biggest surprise was yet to come. Much to his astonishment he was able to teach his practice partner, Dr. Dunn, how to duplicate his results proving that this ability was not just some special gift, but rather a readily teachable system that in a weekend seminar could be learned and the results duplicated by the healing professional and lay person alike.

Dr. Bartlett has been teaching transformational seminars around the world to thousands of participants since 1992 and the feedback is even better than he had hoped for. These paradigms utilize the principles and sciences of Subtle Energy and Quantum Physics, coupled with the incredible power of active imagination and focused intent to produce physically verifiable effects that often defy rational explanation. Miracles happen every day. Matrix Energetics®, Master Energy Dynamics, and Holo-Synchronous Energetic Technology Systems provide the technology and scientific framework to allow for their everyday occurrence.

Dr. Bartlett is the author of the award-winning *Matrix Energetics: The Science and Art of Transformation*, *The Matrix Energetics Experience*, *The Physics of Miracles* (with Melissa Joy Jonsson), and *Into the Matrix: Guides, Grace, and The Field of the Heart* (with Melissa Joy Jonsson).
