ADVANCED HOLO-SYNCHRONOUS ENERGETIC TECHNOLOGY SYSTEMS will be a fun-filled, intensive immersion into how Dr. Bartlett works with physical and energetic patterns. Learn the basics of Dr. Bartlett's M.E.D. & Holo-SETS teachings and then go deeper into mastering the skillset of this amazing technology!

(Continued)

Please Note: Master Energy Dynamics (M.E.D.) and Holo-Synchronous Energetic Technology Systems (Holo-SETS), while taught by Dr. Richard Bartlett, developer of Matrix Energetics®, is not the seminar experience of Matrix Energetics®.

Advanced Holo-Synchronous Energetic Technology Systems

Advanced Holo-SETS will include these exciting, new elements!*

- How to work directly with the body, including soft tissue disease patterns. Learn procedures to regenerate organ function and heal functional patterns in chronic disorders.
- How to address the emotional/mental component of health conditions.
- New protocols and new modules for advanced Holo-SETS techniques.
- Special healing tools specific to this advanced seminar will be introduced.
- Additional procedures to normalize organ function in relation to the nervous system.
- How to track information intuitively.
- Hands-on practice in activating the ability to detect & follow a pattern, and then correct conditions with a step-by-step approach.
- Detailed manuals for each student.
- Advanced tools and toys specific to Holo-SETS will be available for purchase at the seminar and a special video of the new Soft Tissue Energetics materials will be available for purchase on Platform Purple.
- No prerequisite!

*M.E.D. & Holo-SETS Graduates are eligible for a special discount.

For a more comprehensive experience of this seminar, Dr. Bartlett recommends bringing the following (available on amazon.com):*

- Acupuncture Doll
- Human skull replica with articulating jaw
- A Basic Anatomy e-book

*While these items are recommended, they are not mandatory to attending this seminar.

THE HOLO-SYNCHRONOUS ENERGETIC TECHNOLOGY SYSTEMS seminar is an opportunity to explore Dr. Richard Bartlett's further teachings of Master Energy Dynamics (M.E.D.) + Master Harmonic Resonance Technology (MHRT). This comprehensive course format embodies over 25 years of Dr. Richard Bartlett's knowledge and the knowledge of his master teachers. The Holo-SETS course may be taken by anyone regardless of the level of medical or healing training.

This M.E.D. course is a system for working in-depth with the physiology, biochemistry, and energetic patterns of the body in the fight or flight stress response and working in the process of correcting conditions and patterns. Holo-SETS allows us to go deep into the path of the functional adaptations to stress-related and/or disease conditions of the body with an easy to access format. Learn to go through the reflexes and patterns that are involved in M.E.D. and then access specifically created Modules that work with the pathways and energies of diseased conditions.

M.E.D. TECHNOLOGY explores physiological, biochemical and energetic reactions to the stress adaptation response and teaches the body's holographic systems to move out of those reactions and create a new, healthy, and vital state of being.

- Dr. Bartlett developed and practiced the M.E.D. system successfully before he created Matrix Energetics. He considers M.E.D. so highly effective that he continues to utilize it today.
- Examine how, why, and what the body does when it moves into stress response.
- Learn how M.E.D. provides the holographic body a new functional strategy for more effective and creative life choices.
- Learn how M.E.D. can address many condition and problems inherent within the holographic body system.
- No Prerequisite is required to attend this seminar. No particular background or experience or expertise is required.

Unfold new skillsets, deepen your understanding and ability to interact with the holographic templates of the body's structures and functions. Learn how to engage with precise energetic patterns and then deliver specific corrections to the holographic body systems in order to access the pathways of the fight or flight stress response. Teach the body how to 'see' its patterns of biochemical, functional, and structural adaptations to the stress response and thus be able, with a little help, to heal itself!

Selected Holo-SETS Seminar Student Feedback

“This was my first live seminar with Richard and there were too many amazing and profound experiences to even describe! In essence, I felt and saw immediate beneficial changes, releases and openings in myself and those I practiced with, where ancient patterns of pain and limitation simply fell away, and a whole new freer experience was immediately available physically, mentally, emotionally and spiritually. I see there is really no limit to this and am SO grateful and excited to explore it more!” ~**Kristen Kloostra**

“I am now so excited about the possibilities that people have told me I’m glowing. I’m dragging the Holo-SETS manuals around with me everywhere and exploring the modules at every opportunity. I’m now able to truly sense patterns as patterns rather than as obstacles, and I’m no longer dismayed when some discomfort shows up because I know it’s just something else that I get to play with. And THAT is really, really cool.” ~**Laura Reed**

“I’m a massage therapist by trade and have been looking for a way to help permanently assist my clients to move forward toward greater overall health. This was the perfect class to do just that. You will never meet a warmer hearted and more genuine teacher and set of students at any seminar. The level of knowledge that you will learn and incorporate into your healing practice will literally blow your mind. On the flip side you will be amazed at how simple it is to incorporate into your current work.” ~**David Jepsen**

“Richard Bartlett’s Holo-SETS seminar far exceeded my expectations, both from what I personally experienced at the course and the clinical applications it had for my patients the very next day at work. It gave ways to follow the body’s systems, from the body’s own innate perspective, in a unique way that helped to uncover patterns for treatment and ways to treat a patient that may not have been uncovered otherwise. I look forward to taking more courses with Dr. Bartlett.” ~**Jonathan Mackoff, D.C.**

“I just don’t have the words to express of how fantastic the Holo-SETS seminar was! Dr. Richard Bartlett was awesome! I had the privilege of being called on stage to where he played in the universe with me, and as a result I received an instant transformation. I was experiencing muted hearing in my right ear, but after having the Holo-SETS experience with Richard, I was able to hear at a distance that I wasn’t able to hear prior to coming to the seminar, and since that time I have noticed even more progression of hearing in my right ear.” ~**Joyce McMurray**

ABOUT THE INSTRUCTOR

Dr. Richard Bartlett, D.C., N.D.

Developer of Matrix Energetics, Master Energy Dynamics and Holo-Synchronous Energetic Technology Systems

Richard Bartlett, D.C., N.D., holds a doctorate in chiropractic from Parker Chiropractic College and a degree in naturopathic medicine from Bastyr University of Naturopathic Medicine. Dr. Bartlett has been teaching transformational seminars around the world to thousands of participants since 2003.

Dr. Bartlett decided to attend chiropractic school after meeting Dr. Jacque Rowe, an inspiring and unique chiropractor. While Dr. Bartlett was attending chiropractic school his second child was born with bronchitis and asthma and battled frequent bouts of pneumonia. Dr. Bartlett decided he would have to find the answer himself and embarked on a path of self-study, eventually learning and practicing more than 30 different healing systems. In the course of his studies, Dr. Bartlett learned TBM as taught by Dr. Victor Frank, a chiropractor. His son responded to this system and was healed.

After graduating from Parker Chiropractic College in 1987, Dr. Bartlett moved to Montana where he maintained a busy practice until 1996. Desiring to expand his practice scope in order to better serve his patient base and the increasingly complex clinical cases he was seeing, Dr. Bartlett decided to attend naturopathic school. His degree in naturopathic medicine was completed in December of 2000.

In 1996, Dr. Bartlett's life took a new and surprising turn. While attending Bastyr University of Naturopathic Medicine and working full time as a chiropractor, he experienced a life changing event which redirected the entire course of his clinical experience. Call it a mystical occurrence, a spiritual vision, outright hallucination, or as Dr. Jim Parker called it; the experience of being 'naturally right', suddenly the act of lightly touching a patient with focused intent created dramatic, often startling changes. Bones would re-align themselves, chronic pain patterns would disappear, often with only one brief session; scoliosis curvatures would re-align right before his eyes.

As time went on this phenomenon seemed to grow stronger, sometimes each week revealing new and marvelous outcomes. Chronic conditions began to change even though they were often not even a conscious focus for the treatment. In addition, people began to report that their emotional states, belief patterns, their very lives were mysteriously being transformed. Better yet, these changes appeared to continue over time. His practice, always emotionally satisfying; became a profound, and deeply moving day to day experience.

The biggest surprise was yet to come. Much to his astonishment he was able to teach his practice partner, Dr. Dunn, how to duplicate his results proving that this ability was not just some special gift, but rather a readily teachable system that in a weekend seminar could be learned and the results duplicated by the healing professional and lay person alike.

Dr. Bartlett has been teaching transformational seminars around the world to thousands of participants since 1992 and the feedback is even better than he had hoped for. These paradigms utilize the principles and sciences of Subtle Energy and Quantum Physics, coupled with the incredible power of active imagination and focused intent to produce physically verifiable effects that often defy rational explanation. Miracles happen every day. Matrix Energetics, Master Energy Dynamics, and Holo-Synchronous Energetic Technology Systems provide the technology and scientific framework to allow for their everyday occurrence.

Dr. Bartlett is the author of the award-winning *Matrix Energetics: The Science and Art of Transformation*, *The Matrix Energetics Experience*, *The Physics of Miracles* (with Melissa Joy Jonsson), and *Into the Matrix* (with Melissa Joy Jonsson).
