## SEATTLE 4 DAY BEYOND ME – MOVING BEYOND THE MATRIX OCTOBER 20-23, 2018 Take The Upgrades....Into A New Reality.

Dr. Richard Bartlett and Melissa Joy Jonsson have been co-teaching the original Matrix Energetics (2003) together since 2008. These unique global ME teachings offer students the power of instantaneous transformation at their fingertips.

While many others have attempted to copy/teach the core techniques taught by Richard and Melissa Joy, including the infamous Two Point, Time Travel, Parallel Universes, Archetypes, Frequencies, Templates, Modules, and Windows, no one has been able to duplicate the unprecedented magic and mastery of this original morphic field, built and sustained together by these two special instructors.

# Beyond ME – Moving Beyond The Matrix

## **Accept no substitutes, for imitation is limitation.**

Come learn from the ME originators and the only authorized global instructors of ME and the world-renowned Two Point.

Take the upgrade and go beyond the original ME to Beyond ME. For more than a decade, these techniques taught in the original ME seminars have proven easy and effective. The foundational teaching principles embedded in the original ME morphic field remain timeless and accessible.

As the skills of the ME instructors (Richard and Melissa) have evolved significantly since technique inception, so too has their ability to transmit more information. As information is power and potential, being able to encode for more information in any technique or process translates to more healing and transformation.

Come experience the two-point basics in an expanded format that maps the evolution of consciousness through the original ME morphic field.

Take your healing and transformational skillsets to a new level of access by leveraging what has worked in ME in the past, coupled with an expanded framework for interacting with conditions and dis-ease.

Students will be guided through the original foundational teachings of ME, and will be taught the evolution of the techniques currently utilized by Richard and Melissa in client sessions and daily life.

Students will learn the basics of the time-tested techniques in ME, while also learning upgraded strategies to transform any pattern in reality.

Go beyond the technique of... The Two Point, Time Travel / Parallel Universes, Archetypes, Frequencies, Templates. Modules and Windows. Open to more! Discover new Perceptual Reality Models.

## **A Second Upgrade**

In the special advanced portion of the class students will be introduced to a whole new way of mapping and interacting with the body as patterns of information.

## **Whole New Protocol**

A completely new 18 Point Protocol for altering and upgrading perceptual reality models will be presented and experienced by students. This protocol has never been taught by anyone, and cannot be learned anywhere, other than through direct transfer and activation by both instructors.

Richard and Melissa will share their co-creative process for activating templates to provide the body with the correct information to heal and thrive. Some aspects that will be addressed include pattern complexity vs. simplicity, pulse, rhythm, timing variations, tone, color, inversion, morphing, and frequency spectrum.

While easy to learn, the complexities of the interlocking templates are what makes this advanced healing protocol a genuine upgrade to the basics taught in the foundational ME seminars.

## **Go Beyond ME**

Come be among the first in the world to take the second upgrade now. Why use an old operating system when new improved software technology is available? Augment what has worked in the past with something new too. Beyond ME will fulfill the need for speed, ease and comfort by taking your reality matrix to a whole new dimension.

Upgrade your Reality with Richard and Melissa Joy. Register Now!

## ABOUT THE INSTRUCTORS

### Dr. Richard Bartlett, D.C., N.D.

Developer of Matrix Energetics, Master Energy Dynamics and Holo-Synchronous Energetic Technology Systems

**Richard Bartlett, D.C., N.D.**, holds a doctorate in chiropractic from Parker Chiropractic College and a degree in naturopathic medicine from Bastyr University of Naturopathic Medicine. Dr. Bartlett has been teaching transformational seminars around the world to thousands of participants since 2003.

Dr. Bartlett decided to attend chiropractic school after meeting Dr. Jacque Rowe, an inspiring and unique chiropractor. While Dr. Bartlett was attending chiropractic school his second child was born with bronchitis and asthma and battled frequent bouts of pneumonia. Dr. Bartlett decided he would have to find the answer himself and embarked on a path of self-study, eventually learning and practicing more than 30 different healing systems. In the course of his studies, Dr. Bartlett learned TBM as taught by Dr. Victor Frank, a chiropractor. His son responded to this system and was healed.

After graduating from Parker Chiropractic College in 1987, Dr. Bartlett moved to Montana where he maintained a busy practice until 1996. Desiring to expand his practice scope in order to better serve his patient base and the increasingly complex clinical cases he was seeing, Dr. Bartlett decided to attend naturopathic school. His degree in naturopathic medicine was completed in December of 2000.

In 1996, Dr. Bartlett's life took a new and surprising turn. While attending Bastyr University of Naturopathic Medicine and working full time as a chiropractor, he experienced a life changing event which redirected the entire course of his clinical experience. Call it a mystical occurrence, a spiritual vision, outright hallucination, or as Dr. Jim Parker called it; the experience of being 'naturally right', suddenly the act of lightly touching a patient with focused intent created dramatic, often startling changes. Bones would re-align themselves, chronic pain patterns would disappear, often with only one brief session; scoliosis curvatures would re-align right before his eyes.

As time went on this phenomenon seemed to grow stronger, sometimes each week revealing new and marvelous outcomes. Chronic conditions began to change even though they were often not even a conscious focus for the treatment. In addition, people began to report that their emotional states, belief patterns, their very lives were mysteriously being transformed. Better yet, these changes appeared to continue over time. His practice, always emotionally satisfying; became a profound, and deeply moving day to day experience.

The biggest surprise was yet to come. Much to his astonishment he was able to teach his practice partner, Dr. Dunn, how to duplicate his results proving that this ability was not just some special gift, but rather a readily teachable system that in a weekend seminar could be learned and the results duplicated by the healing professional and lay person alike.

Dr. Bartlett has been teaching transformational seminars around the world to thousands of participants since 1992 and the feedback is even better than he had hoped for. These paradigms utilize the principles and sciences of Subtle Energy and Quantum Physics, coupled with the incredible power of active imagination and focused intent to produce physically verifiable effects that often defy rational explanation. Miracles happen every day. Matrix Energetics, Master Energy Dynamics, and Holo-Synchronous Energetic Technology Systems provide the technology and scientific framework to allow for their everyday occurrence.

Dr. Bartlett is the author of the award-winning *Matrix Energetics: The Science and Art of Transformation*, *The Matrix Energetics Experience*, *The Physics of Miracles* (with Melissa Joy Jonsson), and *Into the Matrix* (with Melissa Joy Jonsson).
