Philadelphia ME Fundamentals & Field Trip Intensives*

The key components rely on a loose, but powerful interpretation of a skill called “Remote Viewing”. Utilizing the principle of quantum entanglement, a psycho-energetic link can be formed between an individual, object, or problem. By drawing a symbolic representation of an energetic pattern, or “drawing with the right brain”, a link is formed between the pattern and the practitioner’s perceptions, resulting in an interaction that can resolve the pattern in real time. This is an extension of the idea in Matrix Energetics®, that “the question is the answer”. Upon completion of attendance and participation in this workshop students will receive a certificate of completion from Matrix Energetics International.

PHILADELPHIA ME FUNDAMENTALS INTENSIVE IS BEING OFFERED AS AN INTENSIVE 3 DAY STAND-ALONE SEMINAR December 11-13, 2015

COURSE DESCRIPTIONS

ME FUNDAMENTALS INTENSIVE

ME Fundamentals Intensive will teach you how to connect with the field of Matrix Energetics® to make changes instantly. You will learn how to easily shift focus outside the concept of a problem set into a new solution set, where transformation becomes a power with which you joyfully co-create. Specific techniques are taught that utilize the power of focused intent, playfulness, and heart-centered awareness to create real-time changes in patterns, precepts and awareness. Specifically, students will learn the art and science of the 2-point method, Time Travel techniques and Parallel Universe Theory in application.

In addition, students learn to playfully access their intuitive capabilities through a process referred to as Archetypes. This facet of Matrix Energetics® specifically opens up clairvoyance and fosters “Hemispheric Synchronization” or Whole Brain Awareness. The format of the seminar is experiential in nature, with powerful demonstrations and question and answer sessions that will assist in opening up new ways of thinking about and experiencing reality.

Students will also learn a unique intuitive process of accessing windows of information to easily and seamlessly integrate all of the tools presented. This process can be applied in everyday life to practically and intuitively access solutions and shifts in patterns, anywhere at any time. Students also learn more advanced techniques supported by comprehensive demonstrations. The technique of Templates will be presented to help the practitioner specifically interact with morphic fields of information contained within the Unified Field of Consciousness. These templates can be used for healing, transformation as well as manifestation. Also, in this class students will learn about the 21 Universal Frequencies that are thought to govern healing and disease in the human species. These powerful, self-intelligent forces of energy and information can be applied to any situation and are very easy to use. They are self-transformative and can also be used at a distance to shift patterns in others as well as the environment. There will be additional experiential practices and more informative question and answer sessions. Dr. Bartlett and Melissa Joy reveal their processes in action by providing specific live demonstrations throughout the workshop.

FIELD TRIP INTENSIVE

The Matrix Energetics® Field Trip is our easy to understand, and even easier to do, foray into working with self and other in a 'remote influencing' format. In this course you will learn how to remotely perceive, access, and influence any pattern in any aspect of life. Melissa and Richard share and demonstrate incredibly easy to learn and unbelievably powerful tools in which you can observe, explore, and potentially change any situation, condition, or life pattern.

This course is a natural and super-charged expansion on our popular Unplugged: Spatial Clairvoyance class. These new skills will be explained, explored, and extensively practiced so that you can develop the ability to perceive, understand, and positively influence any problem, condition, or challenge you wish to change.

The key components rely on a loose, but powerful interpretation of a skill called "Remote Viewing". Utilizing the principle of quantum entanglement, a psycho-energetic link can be formed between an individual, object, or problem. By drawing a symbolic representation of an energetic pattern, or "drawing with the right brain", a link is formed between the pattern and the practitioner's perceptions, resulting in an interaction that can resolve the pattern in real time. This is an extension of the idea in Matrix Energetics®, that "the question is the answer".

By allowing the right brain to interpret and interact with the patterns that are sketched, a powerful exchange of information and subtle energy is engaged. This is also taught in a surrogate format using an acupuncture model, or even a stuffed toy to represent the person when working on another.

For many Matrix Energetics® seminar participants, the Field Trip is one of their favorite ME experiences as this approach is accessible to all and powerfully effective. Imagine being able to interact with and positively influence your health, finances and relationships, or just deepen and expand your connection with the "All That Is"! This seminar has been successfully taught all over the world. Anyone can learn and master these skills!

The Field Trip comprises the very tools and skills that Melissa and Richard use in their healing practices and personal lives every day! Now you can learn what these same skills can do for you! Come join Melissa and Richard for the fun and leave with a new and empowering master skill set!

The Field Trip is a fun, easy, mind-expanding, and completely practical combination of our Unplugged: Spatial Clairvoyance and Intuitive Awareness Intensive seminars! If you always wanted a definitive way to work on yourself, or another, this is it! If you want to be able to move from the problem state to the power of an expanded perspective, this is it! If you are curious and want to have more fun while learning how something can transform the way you relate to and interact with all aspects and levels of your life, this is it!

THIS TRAINING CLASS IS BEING OFFERED IN PHILADELPHIA ON DECEMBER 14, 2015 AS A ONE-DAY ADD ON ONLY TO THE ME FUNDAMENTALS INTENSIVE, DECEMBER 11-13, 2015

Attendance at one (1) Field Trip (both ME Unplugged: Spatial Clairvoyance plus Intuitive Awareness Intensive) seminar is required towards practitioner certification. This course qualifies toward ME PC certification and maintenance. For complete ME PC maintenance requirements please see:

ABOUT THE INSTRUCTORS

Dr. Richard Bartlett, D.C., N.D.

Developer of Matrix Energetics, Master Energy Dynamics and Holo-Synchronous Energetic Technology Systems

Richard Bartlett, D.C., N.D., holds a doctorate in chiropractic from Parker Chiropractic College and a degree in naturopathic medicine from Bastyr University of Naturopathic Medicine. Dr. Bartlett has been teaching transformational seminars around the world to thousands of participants since 2003.

Dr. Bartlett decided to attend chiropractic school after meeting Dr. Jacque Rowe, an inspiring and unique chiropractor. While Dr. Bartlett was attending chiropractic school his second child was born with bronchitis and asthma and battled frequent bouts of pneumonia. Dr. Bartlett decided he would have to find the answer himself and embarked on a path of self-study, eventually learning and practicing more than 30 different healing systems. In the course of his studies, Dr. Bartlett learned TBM as taught by Dr. Victor Frank, a chiropractor. His son responded to this system and was healed.

After graduating from Parker Chiropractic College in 1987, Dr. Bartlett moved to Montana where he maintained a busy practice until 1996. Desiring to expand his practice scope in order to better serve his patient base and the increasingly complex clinical cases he was seeing, Dr. Bartlett decided to attend naturopathic school. His degree in naturopathic medicine was completed in December of 2000.

In 1996, Dr. Bartlett's life took a new and surprising turn. While attending Bastyr University of Naturopathic Medicine and working full time as a chiropractor, he experienced a life changing event which redirected the entire course of his clinical experience. Call it a mystical occurrence, a spiritual vision, outright hallucination, or as Dr. Jim Parker called it; the experience of being 'naturally right', suddenly the act of lightly touching a patient with focused intent created dramatic, often startling changes. Bones would re-align themselves, chronic pain patterns would disappear, often with only one brief session; scoliosis curvatures would re-align right before his eyes.

As time went on this phenomenon seemed to grow stronger, sometimes each week revealing new and marvelous outcomes. Chronic conditions began to change even though they were often not even a conscious focus for the treatment. In addition, people began to report that their emotional states, belief patterns, their very lives were mysteriously being transformed. Better yet, these changes appeared to continue over time. His practice, always emotionally satisfying; became a profound, and deeply moving day to day experience.

The biggest surprise was yet to come. Much to his astonishment he was able to teach his practice partner, Dr. Dunn, how to duplicate his results proving that this ability was not just some special gift, but rather a readily teachable system that in a weekend seminar could be learned and the results duplicated by the healing professional and lay person alike.

Dr. Bartlett has been teaching transformational seminars around the world to thousands of participants since 1992 and the feedback is even better than he had hoped for. These paradigms utilize the principles and sciences of Subtle Energy and Quantum Physics, coupled with the incredible power of active imagination and focused intent to produce physically verifiable effects that often defy rational explanation. Miracles happen every day. Matrix Energetics, Master Energy Dynamics, and Holo-Synchronous Energetic Technology Systems provide the technology and scientific framework to allow for their everyday occurrence.

Dr. Bartlett is the author of the award-winning Matrix Energetics: The Science and Art of Transformation, The Matrix Energetics Experience, The Physics of Miracles (with Melissa Joy Jonsson), and Into the Matrix (with Melissa Joy Jonsson).
